

# 600 Entrants To Begin Play In Badminton

Boasting a total of 398 entries for badminton singles and 282 for badminton doubles, the intramural department has announced that a new high has been reached for men participating in that sport. Last year's total mark was 450.

This unprecedented flood of entries has been attributed to two factors: one, the increased interest in the sport itself because of the coming National Badminton tournament to be held here in April; second, the increased fraternity competition for IM organization ranking.

Play in the IM volley ball, soccer, and badminton tournaments gets underway tomorrow. Schedules have already been distributed.
