A MESSAGE from the BOARD of the SOUTHERN CALIFORNIA BADMINTON ASSOCIATION

As Board Members, the question we are most often asked is, "What is the SCBA and what does it do for me?"

The **Southern California Badminton Association** is a non-profit organization which has been in existence for 54 years. As an Association, we provide tournament information, organize local clubs, publish the **Shuttle Scuttle** newsletter, produce rankings and classifications for players, raise funds for badminton promotion, and promote junior and scholastic badminton. We also lend assistance to special projects and establish and administer merit awards. Working as a line of communication among players, clubs and schools is perhaps our most important function.

Through the hard work of many and the support of our badminton vendors, the SCBA is able to publish the current list of "**Places to Play**" and upcoming tournament schedules. With this booklet, we hope to provide needed and requested information for the Southern California players.

SCBA's Primary Goal in Southern California is:

- * To promote and develop the game of badminton
- * To assist in the development of Badminton Clubs
- * To help arrange and manage Badminton Tournaments
- * To establish classification and ranking for players
- * To establish junior development programs
- * To establish coach development programs
- * To produce nationally recognized umpires
- * To seek and establish a large membership list
- * To seek sponsorship for a variety of programs
- * To establish and uphold the rules of play

SCBA's MEMBERSHIP BENEFITS

- * Shuttle Scuttle - the official badminton flyer is provided to all registered members and clubs.
- * SCBA player handbook is an informative line of communication to players, clubs, schools & fans.
- * Your membership fee is a tax deductible contribution.

SIMPLE RULES OF BADMINTON

TO START A GAME

Toss a coin, shuttle, or spin the racket. The winner has a choice of (1) to serve or receive first; (2) end.

POSITION ON COURT AT THE START OF THE GAME

Server stands inside service court on the right side (facing the net). Receiver stands inside service court on the opposite right side (facing the net). Partners may stand anywhere on either side providing they do not block the view of the receiver.

POSITION OF THE SERVER

SINGLES - If server's score is even (0,2,4, etc.), server is on right side. If server's score is odd (1,3,5, etc.), server is on left side.

DOUBLES - When a team's score is even, that team is in their starting positions; when odd, reverse positions.

TO START THE PLAY

The server on the right side serves to the receiver on the opposite right side. The receiver must not move until the server hits the shuttle.

SERVER MUST:

1. Keep part of both feet in a stationary position on the floor (cannot walk into the serve).
2. Hit the base of the shuttle first.
3. Hit the shuttle below the server's waist.
4. Hit the shuttle with all of the racket's head *clearly* below the hand that holds the racket.
5. Have the racket move continuously forward (no fake allowed).

DURING PLAY

SINGLES - If the server wins the rally, he scores a point, changes service court side, and continues to serve. If he loses, his opponent serves and no point is scored.

DOUBLES - If the team serving wins the rally, a point is scored, the server switches service court position and continues to serve. If they lose the rally, the partner serves from the other side and no point is scored. After the team serving loses two rallies, the serve goes to the opponents.

NOTE: at the start of the game in doubles, the side which begins the serve has only one serve.

SERVER OR RECEIVER ON WRONG SIDE

Play a let if the person who made the mistake wins the rally and it is discovered before the next service.

The score stands if the person who made the mistake loses the rally, in which case, the players will remain on the "wrong" side.

If the next serve has been made, the score stands and the players remain on the "wrong" side.

TAKE A "LET" IF:

1. the server or receiver is on the wrong side and wins the rally.
2. there is outside interference (shuttle from another courts lands on or near the playing area).
3. the shuttle goes over the net, catches and stays on or in the opposite side of the net (except on the serve).

FAULTS

1. Shuttle lands outside the court boundaries (head of the shuttle landing on the line is a good shot).
2. Racket or clothing touches the net while the shuttle is in play.
3. Player reaches over and hits the shuttle on the opposite side of the net (when it is hit on player's side, follow-through over the net is legal).
4. Shuttle is clearly carried on the racket and thrown over.
5. Shuttle hit with two strokes by one side (two hits on one stroke is legal).
6. Shuttle hits the player, player's clothing, ceiling, or the surrounding court area.
7. Interfering with the shuttle, misconduct, or stalling after one warning (penalty-lose serve or give opponents a point).
8. Receiver's partner hits the service.
9. Server swings and misses the shuttle.

SHUTTLE IS IN PLAY

From the time it hits the server's racket until it:

1. hits the floor.
2. hits the ceiling, or outside the court area.
3. hits person or clothing.
4. hits net on hitter's side and starts to drop on hitter's side.

NOTE: a shuttle hitting the net on the serve and going serve, provided the shuttle lands in the service court.

END OF GAME

For ladies' singles, the first one to make 11 points wins.

At 9-all, the first player to reach 9 has the option to set or not to set. No set means playing to 11. Set means the score goes back to love-all, and the first to get three points, wins.

If play continues without set and the players reach a score of 10-all, the first player to reach 10 has the option to set or not to set. If the game is set, the score goes to love-all, and the first to get two points, wins.

All other games are 15 points.

At 13-all, set is 5, and at 14-all, set is 3. If the game is not set at 13-all, it may be set at 14-all. A match is two out of three games.

The winner of the first game serves first from the other end in the new game. The winner of the second game in a three-game match changes ends and serves.

In the third game, the players change ends and continue serving at six(6) in ladies' singles and eight (8) in all other games.

(5 minute breaks are allowed between the second and third games).

BADMINTON SHUTTLECOCK

Received recommendation from the
City of LOS ANGELES for
Badminton Support Program 1993-1996

A SHUTTLECOCK
IS RACING TOWARD YOUR FACE AT
200 MILES PER HOUR.

At Yonex, we understand all the requirements of the badminton player - both competitive and sartorial. That's why we've designed the lightweight, high-performance Yonex SHB 740E. At roughly 10 ounces, it's the lightest shoe in the world made specifically for the competitive badminton player. (And really, what other kind is there?) Perhaps there is a place for vanity on the court, after all.

 **YONEX**

One hundred and ten percent.
